

CLINICS

Come join us for one of our many clinics we offer throughout the year. Improve your skills and knowledge on sailing and boating from our staff, who have knowledge in a variety of areas. The clinics normally run 3-4 hours and cover many topics; Outboard engine maintenance and repairs, Bareboat chartering A-Z, Spinnaker flying, and Racing small boats. Some of our clinics are on the water and require you have a rental card with us, but most don't have any requirements at all. We will sometimes add clinics that are not scheduled due to high demand, so check our Facebook or web page for additions.
