

## SMALL BOAT SAILING REGATTAS

The Marina host 3 Regatta's a year, one in the Spring, Fall and Winter. These are open to any sailors (ages 10-up) that are qualified to rent our Capri 16.5 or Expo 12.5 . If you have never raced no problem we will give you some helpful hints and get you started, you will also learn a little bit each race. It's a fun day on the water racing as many races as we can get in during the day. So bring a sack lunch and beverages to drink, and enjoy a day on the water. If you are interested in racing a Capri. 16.5 just know you will need a crew member to work the jib, they just need to be old enough to work the jib sheets. Expo's can be sailed single handed. This is a great way to improve your sailing skills, sail trim and have fun doing it. We will have awards at the end of the races.

***Fees: \$30 Expo's and \$45 Capri's***

***Check our Calendar out for dates***

***Also look on schedule for Race Clinic***

## SUMMER RACE SERIES

Come out and have fun this summer every Wednesday as we get out on the water after work, and have fun racing the small sailboats. They run from June- August every year with the first race starting at 5:30 pm every night. We will run as many races as we can depending on winds and day light. The series are open to all sailors (ages 10-up) that are qualified to rent out Capri 16.5 or Expo 12.5. You can choose to race one night or all of them, however it is required that you have crew when racing the Capri's to work your jib. We have daily first place prizes for each class, and an awards and BBQ gathering at the end of the summer for the overall results. If you want to just come and watch head on down, or if you want to crew no problem come on down, occasionally skippers are looking for crew.

***Reserve your boat ahead of time, you can pay for the whole series at a reduced rate, the begging of the series.***

***Fees: \$10 Expo's; \$20 Capri's and Series \$90 Expo's and \$180 Capri's***

***Look for race clinic scheduled before series starts.***
