They will learn: boat safety, rigging, how the sails work, points of sail, knots, sail trim, basic nomenclature, capsizing and other sailing skills. They will also get a chance to spend one morning session learning to kayak on sit on top kayaks. We will have them out on the water the first day! This is a 4-day course with a great mix of class instruction and practical sailing on the water. Classes are taught on an Expo 12.5 sailboat with a mainsail.
