

COME SAILING WITH US!

LESSONS & CLASSES

Many new adventures await you through our sailing courses and cruises along the coast.

The Del Mar Marina offers unique programs and a great environment to learn to sail in. We offer many levels of group sailing classes throughout the year from January – November. Our skilled instructors are all US Sailing certified with years of experience that will teach, and guide you into becoming a skilled sailor in a short time.

You start out in our Learn to Sail Class, and then move into our Keelboat /Cruising class. The class will have you sailing in the ocean on your own in a short time. Learn to Sail is taught in a safe, fun and easy environment in our boat basin. We are located only 10 min. from the ocean which makes it a perfect location to learn how to day sail and coastal cruise in the Pacific Ocean.

Our Seamanship class gives you the opportunity to improve and build up your confidence needed for coastal cruising. Our Navigation class is for those that want to dig deep into charting on charts, (The lost art of navigation). With the completion of our Seamanship class, a practical cruise and your experience on the water. This can open up the coastline for you to explore on your own in a sailboat from our rental fleet.

Other clinics throughout the year are offered to you so you can continue to grow in your knowledge and skill level in the sport of sailing: Spinnaker, Engine Maintenance, and Bareboat Chartering.

After completion of each class you will be able to rent the different boats that you were trained on, and after completion of the Keelboat/Cruising class it is only a matter of time on the water, and a practical check out to move up to the next size boats.

Most programs require taking 2-3 levels of instruction to achieve the different US Sailing certification; we offer only one class for each of the different US Sailing Certifications.

Get started today on a great new adventure!

ADULT CLASS OPTIONS

LEARN TO SAIL- WEEKENDS

This class is perfect for anyone that has never sailed, or has a little experience sailing with others. This sailing class is held in a safe, fun and easy environment on Camp Pendleton. We will teach you, boat safety, rigging, how the sails work, points of sail, knots, sail trim, basic nomenclature, rules of the road, and other sailing skills. We will have you out on the water the first day! This is a 3-day course, 8 hours each day, Sat. –Sun. and the following Sunday, with a great mix of class instruction and practical sailing on the water.

Classes are taught on a Capri 16.5 sailboat with a mainsail and jib, the book used for this class is Learn Sailing Right. Free practice sailing before last day of class. This is a great place to start and build up your confidence!

Note: We will be covering capsizing in the class; however, it is not a requirement for completion of our course or boat rentals. (Note the boats you will be learning on do not capsize) It is a requirement for your US SAILING small boat certification.

These boats do require some physical movements, moving from one side to the other while sailing. If you have bad knees or back, problems please let us know prior to signing up.

Course Fee: \$275 Includes book
