

# SLIP RENTER INFORMATION

## WET SLIPS

The Marina has 52 wet slips that can be rented monthly that range from 26'-45'. We also have a couple of long end ties, and offer a 3' overhang on a few slips. We do maintain a waiting list for the different size slips; however Active Duty has precedence. The slips can be

rented monthly and come with water and 30-amp electrical power. We offer other amenities: restrooms, showers, laundry, ice and vending machines. We charge by the foot and it is from tip to tip, so if you have raised outboards, swim steps, and anchors sticking out they count in the measurement of the vessel. Dock boxes are also available for rental.

## ***DRY STORAGE***

We have 18 spaces for dry storage for your smaller vessels on trailers. We are limited in the length, so the max. trailer and boat length are 25'.

## ***KAYAK***

## ***AN DINGHY STORAGE***

We also have rack space for kayaks, and small dinghies for monthly rentals.

Fees can be found under price list tab.
