Car Buying 1st Thu, 9-10:30am

Because purchasing a vehicle can have a significant impact on an individual's short-term and long-term finances, buyers should be fully informed of the various related expenses that come with the purchase. This workshop will provide available tools and resources that can help conduct adequate research, determine affordability and learn effective negotiation skills.

Home Buying 1st Thu, 1-2:30pm

Buying a house is the most significant purchase many people will ever make. This course is designed to increase the knowledge and comfort level of first-time home buyers and serve as a refresher for repeat home buyers.

Budget 1st & 3rd Fri, 9-11am

This workshop provides guidance on how to develop a written budget that notes current and future expenses and also emphasizes the importance of short term-savings, explains financial ratios to live by and helps establish financial goals.

Introduction to Investing 2nd Fri, 9-11am

Think you need a lot of money to invest in the stock market? Think again! Investing for your future only requires financial knowledge and discipline! In this class you will learn about affordable investment platforms that will help you choose companies based off of historical data, current expenses and expected performance/growth.

Thrift Savings Plan 4th Fri, 9-10am

The Thrift Savings Plan (TSP) and the Blended Retirement System (BRS) are defined contribution plans for members of the uniformed services. Whether you are making the military a career or not, there is a retirement savings plan available for you.

Credit & Debt 4th Fri, 10:30-11:30am

Credit and Debt Management is a course designed to help learners establish and maintain good credit as well as avoid, reduce or eliminate excessive debt. All participants will have the opportunity to pull a free copy of their FICO credit report and score. They will also learn how to calculate important financial ratios that will help them assess their current and future financial situation and options.
